SEMINOLE COUNTY
FLORIDA'S NATURAL CHOICE

February 24, 2026

MEMORANDUM

TO: Chairman Herr, Seminole County Board of County Commissioners

FROM: Theressa Jones, Mosquito Control Program Manager

THROUGH: Shannon Wetzel, Watershed Management Division Manager

SUBJECT: Annual Aerial Spraying Authorization Letter

Each year, the Federal Aviation Administration (FAA) requires Clarke Environmental Mosquito Management, Inc. to provide written permission from the Board of County Commissioners before they will issue a Congested Area Plan for aerial spraying within Seminole County. This letter allows the County to implement aerial spraying for mosquito control on an as needed basis. If and when such activities are needed, all established public notification protocols will be executed prior to any aerial spray missions.

We have prepared a letter for your signature based on language used by other mosquito control programs in Florida for the 2026 calendar year. Please sign the letter and send the original to me for certified mailing.

Thank you and please contact me at extension 5574 if you have any questions.

Cc: Darren Gray, County Manager
Kim Ornberg, Environmental Services Director
