The Department of Environmental Protection (Department) will accept Fiscal Year 2022-2023 grant applications for the Federal Land and Water Conservation Fund (LWCF) Program, as follows:

PROGRAM DESCRIPTION: LWCF is a competitive grant program which provides financial assistance to local governmental entities for the development or acquisition of land for public outdoor recreational purposes pursuant to Sections 258.007 and 375.021(4), F.S. and Rules 62D-5.068 through 62D-5.074, F.A.C.

APPLICATION SUBMISSION PERIOD: November 14, 2022 through January 31, 2023. Completed applications must be postmarked or received on or before the last date of the submission period, January 31, 2023.

ELIGIBLE APPLICANTS: All county governments and incorporated municipalities of the State of Florida and other legally constituted local governmental entities with the legal responsibility for the provision of outdoor recreational sites and facilities for the use and benefit of the public.

MAXIMUM GRANT REQUEST: The maximum grant request may not exceed \$1.5 million. The Department may revise an applicant's requested grant amount based on availability of program funds. Grants must be for the sole purpose of providing outdoor recreation opportunities to the public. Grant awards are contingent upon an annual apportionment from the National Park Service and expenditure authorization by the Florida Legislature. The LWCF grant is provided on a 50%/50% (Program/Grantee) matching basis.

LIMIT TO ONE APPLICATION PER SUBMISSION CYCLE: Eligible applicants may submit only one application per submission cycle. The application may contain no more than one project site except for sandy beach access sites. DUPLICATE PROJECTS: Pursuant to subsection 62D-5.071(4), F.A.C., an applicant may not submit an application for a project site, including phased projects, if the applicant has an active grant agreement on that project site funded under Land and Water Conservation Fund, Recreational Trails Program (RTP) or Florida Recreation Development Assistance Program (FRDAP). An applicant shall not submit the same application, in whole or in part, under LWCF, RTP, or FRDAP in concurrent or overlapping funding cycles.

INELIGIBLE APPLICANTS: Applicants with two active LWCF projects as of the last day of the submission period are prohibited from applying.

RE: Spring Hammock Preserve

Land and Water Conservation Fund (LWCF) Project No. 12-00706

DEP Contract and Project No. LW706

Dear Ms. Williams:

The Land and Recreation Grants Section staff are in receipt of Seminole County's official written letter, dated October 21, 2022, forwarded via email, declining the FY 2018-2019 LWCF grant funding award, in the amount of \$200,000.00, for the development of the Spring Hammock Preserve.

We are sorry that the county's representatives elected to <u>not</u> move forward with development activities and opted to withdraw the project, but happy that you'll be re-applying in the near future for an opportunity to receive additional funding.

If there is anything I/we can do to assist with the planning of prospective projects, please do not hesitate to contact our office at (850) 245-2501; your continued interest in the program is certainly appreciated.

RE: Land and Water Conservation Fund (LWCF) Agreement #LW706/Project # 12-00706 Spring Hammock Preserve - Withdraw Request

Dear Ms. Bright,

At this time, Seminole County seeks to withdraw from Agreement #LW706/LWCF Project # 12-00706 due to the unexpected higher construction costs now associated with this project.

Our intention is to re-apply during the upcoming LWCF grant cycle that begins in November and request the additional dollars necessary to complete this project. We have completed the design of the project; we have secured the required permits that are valid through 2026; and we have completed our request for bid package. The next step is to advertise the project once we have secured the funding.

Thank you for your consideration of this request.
