Hi Bill,

I wanted to reach out about a right of way vacate that will be going to BCC on August 27th. Do you have an issue with the right of way vacate since it touches the Seminole Wekiva Trail? I have attached the sketch and description for your reference. Thank you.

Florida has a very broad Public Records Law. Virtually all written communications to or from State and Local Officials and employees are public records available to the public and media upon request. Seminole County policy does not differentiate between personal and business emails. E-mail sent on the County system will be considered public and will only be withheld from disclosure if deemed confidential pursuant to State Law.
