PROJECT MANAGER COMMENTS

- The subject property has a Future Land Use of Rural 5 with an A-5 (Rural Zoning) Classification.
- The proposed use of temporary onsite storage requires approval of a General Use Permit.
- The request for a General Use Permit to allow for the temporary storage of equipment and materials onsite within an existing pole barn has been evaluated for compliancy with the Seminole County Land Development Code (SCLDC). Staff has determined that the request is not consistent with SCLDC Sec. 30.6.3.1 – Uses by general permit in agriculture zones, in as much as the use the rural and/or agricultural uses in the surrounding area; the use would impact traffic patterns; and the site does not have direct access onto a collector road.
