VI. REGULAR AGENDA

15. McCulloch Road Update (Tawny Olore, Public Works Director) [2026-0326](#)
Ms. Olore addressed the Board and introduced Brian Sanders, Orange County Public Works Department, who introduced his team and presented the McCulloch Road Update (as included in the agenda backup).

The Commissioners shared their comments. Commissioner Zembower asked staff to stay engaged as they move along and keep the Board updated, possibly in the form of a work session.

Chairman Herr entered the meeting at this time. (10:35 a.m.)

With regard to public participation, Bill Hyde spoke in opposition. No one else spoke, and public input was closed.

Public Comment Form was received and filed.

Ms. Olore stated this has been on the 2045 Transportation Plan, and they are updating it for 2050. It is on the plan in terms of numbers and traffic, and it remains a part of the long-term identified need for Seminole County. She noted it is a good thing that they are in such close conversations with Orange County on this because they will be able to keep the Board informed on their concerns, potential benefits, and impacts. Commissioner Dallari confirmed with staff there is no action being requested at this time; the presentation was for information only. Commissioner Zembower confirmed

with staff that the Long-Range Transportation Plan is a living document that can be changed at anytime (based on data, funding, and needs); things often go in and come off the Long-Range Transportation Plan. Vice Chairman Lockhart advised, for clarification, while there had been discussion about a Resolution, that is not on the agenda today. It was purely for edification and continued collaboration with Orange County.

Vice Chairman Lockhart recessed the meeting at 10:41 a.m., and Chairman Herr reconvened the meeting at 10:52 a.m.

16. 2027 Employee Benefits and Wellness Update (Christina Brandolini, [2026-0284](#)
Human Resources Director and Charles Cook, Alliant Employee Benefits)

Ms. Brandolini and Mr. Cook addressed the Board and presented the item as included in the agenda backup. The Board shared their comments and asked questions throughout the presentation. There was a general consensus that the Board needs some more information regarding the numbers, cost benefits, and disruption to employees. Staff's requested action is for the Board to recommend Human Resources and Alliant to provide additional information for Board discussion at a future meeting concerning the following: a potential RFP for Medical Administrative Services (ASO) providers for 2028 Plan Year and a potential RFP for Pharmacy Benefit Manager (PBM) for 2028 Plan Year.

Chairman Herr summarized that the Board wants to see the potential disruption in addition to potential costs with the approaches that were shared in today's presentation. She stated during budgeting sessions, historically they have had benefits buried under a bucket of funds; and she thinks in this year's budgeting session, it needs to come to light because those numbers are significant increases and that may actually call out where they are verses where they're going and what action needs to be taken. She confirmed with Mr. Gray that he has sufficient direction. Mr. Gray added staff has taken notes, so they will circle back and then follow-up with the Board. Regarding the budget work sessions, he is planning to talk about the medical benefits fund. They've already been working on that with Tim Jecks, Management and Budget Director, and that will be coming up in a couple of months.

17. Extension of the Seminole County / City of Sanford Joint Planning [2026-0327](#)
Agreement (JPA) (Mike Rhodes, Interim Development Services Director)

Tricia Johnson, Deputy County Manager, addressed the Board and presented the item as included in the agenda backup. Staff's requested action is for approval of the Second Amendment to extend the City of Sanford JPA to October 15, 2026, allowing for an additional six-month administrative extension. Commissioner Dallari stated he is in support of a six-month extension, but requested staff provide monthly updates on the progress.

Motion by Commissioner Zembower, seconded by Vice Chairman Lockhart, to approve the Second Amendment to extend the City of Sanford JPA to October 15, 2026, allowing for an additional six-month administrative extension; including monthly updates from staff.

With regard to public participation, no one spoke and public input was closed.

Districts 1, 2, 3, 4, and 5 voted AYE.

Recess BCC Meeting Until 1:30 P.M.

Chairman Herr recessed the meeting at 12:03 p.m.

Reconvene Meeting at 1:30 P.M.

Chairman Herr reconvened the meeting at 1:30 p.m., with all Commissioners and other Officials, with the exception of Deputy Clerk Kyla Farrell who was replaced by Deputy Clerk Chariti Guevara, who were present at the opening session.

District 5 submitted ex parte communications (received and filed).
Districts 1, 2, 3, and 4 reported no ex parte communications.

Public Hearings - Quasi - Judicial

19. Pemberton Carports PD Major Amendment Rezone - Consider a Rezone from PD (Planned Development) to PD (Planned Development) to allow for reduced building setbacks and buffer requirements for accessory structures on 0.87 acres, located on the north side of Pemberton Drive, east of South Orange Blossom Trail; (Z2024-014) (Darron Sims, Applicant) District3 - Constantine (Kaitlyn Apgar, Senior Planner) [2026-0250](#)

Ms. Apgar addressed the Board and presented the item as outlined in the agenda memorandum.

It was determined the Applicant was present and available to answer questions but did not wish to speak.

With regard to public participation, no one spoke and public input was closed.

Commissioner Constantine requested the Applicant look in to the \$10,000 grant opportunity through the County's Septic Upgrade Incentive Program.

Motion by Commissioner Constantine, seconded by Commissioner Zembower, to find based on Staff's findings and the testimony and evidence received at the hearing, the request is consistent with the Comprehensive Plan and meets the applicable portions of the Land Development Code; and adopts Ordinance #2026-3 enacting a Rezone from PD (Planned Development) to PD (Planned Development) and associated Developer's Commitment Agreement and Master Development Plan to allow for reduced building setbacks and buffer requirements for accessory structures on 0.87 acres, located on the north side of Pemberton Drive, east of South Orange Blossom Trail; Darron Sims, Applicant; as described in the proof of publication.

Districts 1, 2, 3, 4, and 5 voted AYE.

20. Wayside Drive Assemblage PD Major Amendment Rezone - Consider a [2026-0226](#) Rezone from A-1 (Agriculture) and PD (Planned Development) to PD (Planned Development) to add three (3) properties, totaling approximately 1.07 acres, to the Wayside Assemblage PD, for a mixed use development consisting of multi-family, office, retail commercial, and higher intensity planned development -target industries for a total land area of approximately 19.98 acres, located on the south side of Wayside Dr, east of International Pkwy; (Z2025-017) (Douglas Hoeksema, Applicant) District5 - Herr (Annie Sillaway, Principal Planner)

Ms. Sillaway addressed the Board and presented the item as outlined in the agenda memorandum.

Ben Beckham, Madden, Moorhead & Stokes, on behalf of the Applicant, addressed the Board and briefly spoke about the request.

With regard to public participation, Mary Anne Fox Jarrell made a statement that was neither in support or opposition. No one else spoke and public input was closed.

Public Comment Form was received and filed.

Motion by Commissioner Zembower, seconded by Vice Chairman Lockhart, to find based on Staff's findings and the testimony and evidence received at the hearing, the request meets the identified portions of the Seminole County Land Development Code; and adopts Ordinance #2026-4 enacting a Rezone from A-1 (Agriculture) and PD (Planned Development) to PD (Planned Development) and approve the associated Development Order and Master Development Plan on approximately 19.98 acres, located on the south side of Wayside Dr, east of International Pkwy; Douglas Hoeksema, Applicant; associated D.O. #25-20500011; as described in the proof of publication.

Under discussion, Vice Chairman Lockhart requested confirmation that the public comment does not have any direct bearing on the Board's decision today. Ms. Latorre responded it is the Board's decision whether they think the testimony presented is

competent, substantial evidence. The Vice Chairman clarified she perceives that the issue raised in the public comment is perhaps a civil matter that does not have bearing on this decision and this rezoning. Ms. Lattore added to her knowledge, this rezoning to add three lots will not cut off access to any existing property.

Districts 1, 2, 3, 4, and 5 voted AYE.

21. Rock Church Special Exception - Consider a Special Exception to allow [2026-0251](#) the use of a Church and Daycare in the A-1 (Agriculture) zoning district on approximately 10.62 acres, located on the south side of W SR 46, west of Orange Blvd; (BS2025-14); (Maverick VonHerbulis, McKee Construction, Applicant); District5 - Herr (Kaitlyn Apgar, Senior Planner)

Ms. Apgar presented the item as outlined in the agenda memorandum. Deputy County Attorney Neysa Borkert explained this property has an existing special exception. In 2024, the state legislature passed a law in which private schools can now locate in any church, theater, cinema, library, those type of buildings that have been in operation for five years; and the County cannot require a rezoning or special exception to allow them to locate there. Since this is a new building, that does not apply. However, since the old building has been in operation for that long, they're not asking for anything as it pertains to that, so they are leaving the special exception that's in place there and they are going to continue to operate under that. This is just for the new building.

Ms. Apgar advised the updated development order that was distributed reflects a change to Condition T. The previously stated Condition T erroneously included indoor amplification of sound as opposed to the updated language which only restricts outdoor amplification of sound. Any activity is still subject to the sound provisions of the Code of Ordinances in addition to the proposed restriction.

Mr. VonHerbulis, McKee Construction, on behalf of the Applicant, addressed the Board and briefly spoke on the request and expressed his appreciation for staff's work. He confirmed for the record they will not be affecting the conservation area.

With regard to public participation, the following spoke in support: Kaley Hoffman, Tim Kearney, Arianna Kramer, Chris Meyers, Shevieve Padgett, Dyami Redcloud, Thomas Weichart, AJ Phillips III, and Miracle Dorsey.

The following submitted Written Comment Forms in support: Jamie Myers, Denise Weichart, Mya Mcyears, Joshua Parker, Emma Myers, Katherine Renaud, Peter Renaud, Laurent Renaud, and Archie Phillips III.

No one else spoke and public input was closed.

Public Comment Forms and Written Comment Forms were received and filed.

Motion by Commissioner Zembower, seconded by Vice Chairman Lockhart, to find based on Staff's findings and testimony and evidence received at the hearing, the request meets the identified portions of the Land Development Code; and approves the Special Exception and associated Development Order with the update to Condition T to

allow, with conditions, the use of a Church and Daycare in the A-1 (Agriculture) zoning district on approximately 10.62 acres, located on the south side of W SR 46, west of Orange Blvd; associated D.O. #25-3200014; Maverick VonHerbulis, McKee Construction, Applicant; as described in the proof of publication.

Under discussion, Vice Chairman Lockhart stated she loved hearing all of the positive impact this church has had on the community. However, not much of the public comment is relevant to her vote because that is based upon competent, substantial evidence related to the Land Development Code and as provided by staff. Commissioner Zembower concurred. Chairman Herr added staff did find this was permissible under the LDC.

Districts 1, 2, 3, 4, and 5 voted AYE.

Public Hearings - Legislative

22. Approve the adoption of the Ordinance amending Chapter 190 Part 2 (Public Parks) of the Seminole County Code of Ordinances by creating a new section prohibiting smoking and vaping in County Parks; Providing for signage and enforcement; Providing for codification; Providing for severability; and Providing an effective date. Countywide (Rick Durr, Parks & Recreation Director) [2026-0313](#)

Mandy Salazar, Parks and Recreation Division Manager, addressed the Board and presented the item as outlined in the agenda memorandum.

With regard to public participation, no one spoke and public input was closed.

Commissioner Constantine noted pursuant to Florida statute, cigars cannot be prohibited.

Motion by Commissioner Constantine, seconded by Commissioner Zembower, to adopt Ordinance #2026-5 amending Chapter 190 Part 2 (Public Parks) of the Seminole County Code of Ordinances by creating a new section prohibiting smoking and vaping in County Parks; providing for signage and enforcement; providing for codification; providing for severability; and providing an effective date; as described in the proof of publication.

Under discussion, Commissioner Zembower inquired about enforcement. Ms. Salazar explained if they currently see someone smoking, they are not allowed to say anything because there's nothing showing why they can't smoke. With the new signage, if staff now sees somebody smoking, they will be able to ask them comfortably to leave the property to smoke. Commissioner Zembower inquired if there will be a park ranger to enforce this on the trails, and how that is being funded. Ms. Salazar responded there is a park ranger, and they are in the process of rehiring one. It is a process they will be working towards because it is something new to enforce. Staff has reached out to other municipalities to inquire how they enforce it. This will be a foundation to build off of and residents will now know this is an expectation when they visit the parks and trails.

Commissioner Dallari requested the definition of cigar and inquired what the difference is between cigars and cigarettes and how to differentiate between the two. Ms. Latorre responded there is not a definition in the Code, but they are different products that are regulated differently. The legislature did take the liberty of prohibiting the County's ability to prohibit cigars. She would have to look to see if cigar and cigarette is defined in the state statute.

Vice Chairman Lockhart commented on the choice to use the word "may" on line 36, section (d), signage, of the ordinance. She thinks signage is critical and they should be directing the County Manager or designee to post signage, not giving them the permissibility but requiring it. If there is some rationale of changing the "may" to "shall" or "will," she would make that friendly amendment. The mover accepted the amendment and the seconder agreed. Chairman Herr clarified the word "may" on line 36, section (d), would be changed to "shall," to read as follows: County Manager or designee shall post signage prohibiting smoking and vaping in County Parks.

There was brief discussion regarding smoke generated by barbecue grills and prescribed burns.

Districts 1, 2, 3, 4, and 5 voted AYE.

II. COUNTY ATTORNEY'S REPORT

Ms. Latorre stated pursuant to Florida statute, she is publicly advising the Board that she is requesting a closed session at the April 28th meeting to seek the Board's advice on the Maloy vs. Seminole County litigation.

IX. COUNTY MANAGER'S REPORT AND STAFF PRESENTATIONS

Mr. Gray reported on the economic impact of the All American Firefighter Challenge held April 1st through April 4th. The total economic impact was over \$300,000, and the direct economic impact was \$174,000. There were over 100 firefighter competitors, and there were 180 room nights.

Mr. Gray advised the Citizen's Academy is running again and displayed a flyer (received and filed).
