3. All lands within 2,000 feet of stream's edge, and lands identified on *Exhibit FLU: Areas of Archaeological Potential*, have the potential to contain significant archaeological resources. If the subject property contains lands within 2,000 feet of stream's edge and/or contains lands identified on the aforementioned exhibit, provide data to demonstrate that the subject property is large enough to meet the requirements of the proposed land use and zoning district, and preserve potentially significant archaeological features, or provide an archaeological survey (conducted by a state certified archaeologist) verifying that no significant resources are present. ***(Begin narrative below and/or note attachments to reference):***
N/A

Demonstrate Consistency with the Following Standards
4. Minimal removal of native habitats is permitted within the Econlockhatchee River Protection Area, including limits on fragmentation of forested habitats, and limitations on any additional crossings of the river system. Provide data to demonstrate that the subject property is large enough to meet the requirements of the proposed land use and zoning district while limiting fragmentation of forest habitats and/or additional river crossings in order to prevent disturbance of native habitats through . ***Begin narrative below and/or note attachments to reference:***
N/A
NOTE: *If any portion of the subject property is within the Environmentally Sensitive Lands Overlay, complete also the Evaluation of Amendments within the ESLO. Critical upland habitat and environmentally sensitive lands (see Exhibit FLU: FLU Series – Exhibit Environmentally Sensitive Lands Overlay) are required to be protected within the Econlockhatchee River Protection Area.*

7. Evaluation of Amendments Within The Environmentally Sensitive Lands Overlay (ESLO)

Demonstrate Consistency with the Following Standards

Provide data to verify that the subject property is large enough to meet the standards required by the proposed future land use and zoning district and also comply with the requirements of *Policy FLU 1.3 Wetlands Protection* and *Policy CON 7.4 Wetland Regulation – Buffers, Performance Standards and Compatibility,* part D - Wetland Compatibility Criteria. These policies prohibit encroachment on locally significant wetlands except for construction of, or improvement of, public facilities that benefit the general public.

The ESLO is comprised of floodprone and wetlands that may exist in any combination on a parcel. These areas are graphically depicted on either of the following websites:

- http://www.seminolecountyfl.gov/is/pdf/Information_Kiosk_Help.pdf
- http://www.scpafl.org/

***NOTE**: If applicant is proposing Planned Development (PD) land use, the Master Development Plan must show location of protected environmentally sensitive areas.*

***NOTE**: Development activity (including the placing or depositing of fill within wetlands and the 100-year floodplain identified by FEMA), within the Wekiva River Protection Area shall be prohibited except in cases of overriding public interest.*

***Begin narrative below and/or note attachments to reference**:*

The property is located within the Wekiva Study Area and is a redevelopment of an existing commercial/office building. N/A

Village on the Green - PD Amendment Justification Report

1) Project Overview

Lifespace Communities, Inc. (Applicant) is requesting a Future Land Use Map Amendment and Zoning Map Amendment on its 6.83-acre site located on the east side of Wekiva Springs rd., north of W SR 434 in Longwood, Florida. The subject site (Parcel ID # 03-21-29-300-009M-0000) currently has PD & R-3A Zoning (located within the Sabal Point PD) and PD & HDR Future Land Use with the original approvals dated November 13th, 1972. The latest amended Sabal Point Final Master Plan designates a 12.20 Commercial tract on the southernmost area, in which the proposed application is a portion of. The intent of this application is for a PD Major Amendment to the contiguous Village on the Green PD to add the 6.83-acre site and concurrently request additional entitlements to the PD Future Land use designation. This request is being submitted concurrently with a PD Minor Amendment to the Sabal Point PD, to remove the 6.83-acre site.

Both the Sabal Point and Village on the Green PD's have been built out to date and the intent of this application is to facilitate the construction of up to 40 residential units on the addition parcel along with development of amenities within the existing PD for the use of residents. More specific information is shown below regarding the applicant's requests. (See Attachment A – Development Plan)

Rationale for PD Major Modification:

The applicant's request is based on a detailed analysis of current market conditions, which indicate a growing need for additional housing inventory in Seminole County. The proposed development seeks to replace an underutilized office building with a mix of single-family detached homes and duplexes, responding directly to the shifting market demands and evolving land use patterns. With the current zoning in the subject area, residential developments are not allowed.

The office market has experienced significant declines in demand due to long-term changes in workplace culture, including the widespread adoption of remote and hybrid work models. This shift has led to higher office vacancies and reduced leasing activity, making it increasingly difficult to fill existing office spaces. The subject property, currently occupied by an office building with little demand for tenancy, is no longer viable for its intended commercial use.

Conversely, the need for attainable housing continues to grow, as population increases in the Orlando metropolitan area place upward pressure on housing demand. The proposed development will provide a range of housing options through both single-family detached homes and duplex units, contributing to the county's housing stock and enhancing housing diversity. Additionally, the development would reduce the amount of vehicle miles traveled per household through its proximity to SR 434, providing quick access to Interstate 4. By increasing residential inventory, the project

helps address market demand while fostering a well-balanced, sustainable community.

From a design perspective, the proposed development will utilize the land more efficiently through the use of front-loaded garages and a circular pattern. This will minimize the amount of space and asphalt necessary, while also allowing for effective drainage patterns and utility access on-site. Additionally, trees will be added to the proposed development to continue to comply with Seminole County code. The proposed development is a golf-cart friendly community and will include sidewalks and walking trails to connect to the overall Village on the Green community and to pedestrian walkways along Wekiva Springs Rd. These features will minimize transportation impacts from the new development.

In addition to meeting residential needs, the project incorporates valuable community amenities, including pickleball courts, walking trails, and amenity restrooms, which will enhance the quality of life for future residents and create a more engaging, active neighborhood environment. These recreational spaces align with the County's planning objectives to promote walkability, outdoor activity, and community well-being. Alongside these amenities, the development is proposed to have gate access through a single access point, providing connectivity to the rest of the PD sites and reducing crime potential through the limited access. In summary, the proposed rezoning and Comprehensive Plan Amendment are justified by:

- The declining demand for office space and the challenges in leasing vacant office properties.
- The increasing need for diverse and attainable housing options to accommodate population growth.
- The introduction of community-focused amenities that contribute to a vibrant, active residential environment.

Given these factors, the proposed development represents an optimal and forward-thinking use of the property that aligns with Seminole County's long-term planning goals and enhances the overall community fabric.

2) Location

The site is located on the east side of Wekiva Springs rd., north of W SR 434 in Longwood, Florida. *(See Attachment D – Site Location Map)*

3) Adjacent Land Uses/Compatibility

Table 1
Adjacent Land Uses

Location	FLU	Zoning
North	PD	PD
South	ROW, COM	ROW, C-1
East	PD, MXD	PD, R-3
West	PD, HDR	PD, OP

To the north of the subject property is an office building included in the same PD that has been integrated into the residential portions of the PD on majority of sides. To the east, there are stormwater retention areas and existing single-family housing. The west includes integrated commercial with adequate buffering and to the south is Wekiva Springs rd. The area currently integrates residential and commercial/office uses and this proposal will maintain similar integration, which will not negatively impact the living environment for residents and will rather bolster the commercial/residential connection between developments leading to increased economic activity. The PD Development Plan intends to provide pedestrian connection to the south and east, as well as vehicular connections, which will allow for a complimentary relationship between the residential and commercial uses.

The proposed single-family development is compatible and complimentary to surrounding uses. The proximity to adjacent commercial and retail developments will bolster the commercial/residential connection between developments leading to increased economic activity, as well as provide a variety of services for residents. Additionally, the project proposal to increase amenities spaces including ball courts and walking trails allows for ease of connection and opportunity to access and utilize the trail as a core recreational amenity to create a live, work, and play environment.

4) Part 7 Completion of Data and Analysis Requirements

(See Separate Attachment For Facility Capacity Impact Assessments – Worksheets 1 through 5)

5) Supporting and Furthering Objectives and Policies

OBJECTIVE FLU 5.4 ENHANCEMENT OF RESIDENTIAL NEIGHBORHOODS
The County shall ensure the long-term viability of residential neighborhoods, and foster distinct, attractive, and safe places to live, in support of the Central Florida Regional Growth Vision, by guiding future development, redevelopment and infill development to ensure compatibility with surrounding land uses and maintaining quality of life for residents.

Response: The proposed infill development aligns with the County's objective by replacing an aging office building with a well-designed residential community that enhances neighborhood viability and quality of life. The mix of single-family homes and duplexes ensures compatibility with surrounding land uses while utilizing existing infrastructure efficiently. Additionally, the project fosters a distinct and attractive living environment by incorporating recreational amenities such as a pickleball court, walking path, and bathroom facility, promoting active lifestyles and community interaction. By repurposing underutilized land with thoughtful design and modern standards, this development supports the Central Florida Regional Growth Vision and contributes to a safer, more vibrant, and sustainable neighborhood.

Policy FLU 5.4.7 Determination of Compatibility in the Planned Development Zoning Classification
The County shall consider uses or structures proposed within the Planned Development (PD) zoning classification on an individual basis evaluating the compatibility of the proposed use or structure with surrounding neighborhoods and uses. Compatibility may be achieved by application of performance standards such as, but not limited to, lot size, setbacks, buffering, landscaping, hours of operation, lighting, and building heights. The Board of County Commissioners shall have discretion as to the uses and structures approved with a PD classification, as well as all other features of the PD plan and the plan in its entirety.

Response: The proposed project intends to modify an existing PD to allow for uses that are consistent and compatible with the existing PD. The proposal to add amenities will allow for better quality of life for the surrounding neighborhoods and will incorporate performance standards consistent with existing development.

Policy FLU 2.5.1 Efficient Land Use Patterns
The County shall continue efforts to create efficient land use patterns that minimize urban sprawl to protect natural resources by:

A Directing growth preferentially towards infill areas with existing infrastructure;
B Encouraging redevelopment of vacant or under-utilized sites in the central areas of the County; and
C Create or maintain standards that incentivize or require development patterns that are compact and contribute to mixed-use neighborhoods and corridors, which promote multiple modes of transportation to reduce emissions, and support infill to encourage compact development.

Response: The proposed infill project makes for efficient use of existing infrastructure and is a redevelopment of an under-utilized site.

Policy FLU 4.2.1 Missing Middle Development

"Missing Middle Housing" is a concept that provides greater housing choices in existing neighborhoods. These housing types are in the middle of the housing spectrum, between single-family detached homes and multi-story apartment buildings. Housing types include, but are not limited to duplexes, townhomes, multiplexes, cottage courts, and live-work units. Missing Middle housing complements the character of already existing neighborhoods, while slightly increasing density and walkability.

Response: The proposed infill project includes a combination of duplexes and single-family detached units, which are categorized as "missing middle" development.

Community Meeting Summary

The development team for the Village on the Green SS FLUA and PD Major Amendment (Project # 25-2050002) held a community meeting on May 8, 2025, at 6:00 p.m. The required notice is attached. The notice was mailed to the property owners within 1000 ft buffer radius and identified on the attached printing labels via U.S. Mail on April 23, 2025.

Also attached is the sign-in sheet. Zero residents attended the Community Meeting.

COMMUNITY MEETING NOTICE

A Small-Scale Future Land Use Amendment and Major Amendment to the Village On the Green Planned Development (PD) has been filed with Seminole County Planning and Development Services. These applications impact the 7-acre parcel located at 140 Wekiva Springs Road, Longwood and identified as Parcel ID 03-21-29-300-009M-0000 (the "Property"). The Applicant is requesting an amendment of the future land use designation from (PD) Planned Development to PD (Planned Development) and an amendment to add the Property to the Village on the Green PD. The PD Major Amendment would allow redevelopment as age-restricted residential units to be integrated into the existing Village on the Green retirement community located at 500 Village Place, Longwood. The proposed development would be located on the north side of Wekiva Springs Road, east of Village on the Green and west of The Springs.

The development team is hosting a community meeting to present information about the proposed project on May 8, 2025 beginning at 6:00 p.m. until 7:00 p.m. in the Florida Meeting Room at the Embassy Suites located at 225 Shorecrest Drive, Altamonte Springs, Florida 32701.

If you have any questions and cannot attend, please contact Lauren Korn via email at Lauren.Korn@lowndes-law.com. We look forward to talking to you.

COMMUNITY MEETING SIGN-IN SHEET

Project Name: Village on the Green PD Rezone
Meeting Location: Embassy Suites by Hilton, 225 Shorecrest Dr., Altamonte Springs (Florida Room)
Date/Time: May 8, 2025; 6:00 – 7:00 PM

Name	Address	Email	Phone

Topic: Village on the Green Small Scale Future Land Use Map Amendment and PD Major Amendment Rezone

In accordance with Section 2.2.D of the Seminole County Home Rule Charter, before the enactment of a proposed ordinance or resolution on a legislative action, the Board of County Commissioners shall prepare or cause to be prepared an economic impact estimate. Similarly, Section 125.66(3)(c), F.S., requires that before the enactment of a proposed ordinance, the County must prepare a business impact estimate in accordance with this subsection.

Describe Project/Proposal, including the Public Purpose. (Must be completed for all legislative actions by ordinance or resolution)

- Summary of proposed ordinance or resolution.

- Statement of the public purpose to be served by the proposed ordinance, such as serving the public health, safety, morals, and welfare of the county. (Section 125.66(3)(a)1., F.S.)

Consider a Small Scale Future Land Use Map Amendment from High Density Residential and Planned Development to Planned Development and a Rezone from R-3 (Multiple Family) and PD (Planned Development) to PD (Planned Development) for a forty (40) units, amenity building and two (2) sport courts on approximately 82.78 acres, located on the located on the south side of Sabal Palm Drive, approximately 1,000 feet east of Wekiva Springs Drive.

Question 1: **Does the proposed legislative action have an economic cost to the public or taxpayers of Seminole County? (Seminole County Home Rule Charter Section 2.2.D.)**

- ☐ Yes.
- ☑ No.

Question 2: **This question only applies to ordinances: Does the subject matter or purpose of the proposed ordinance fall into any of the following categories? Please check all that apply (Section 125.66(3)(c), F.S.):**

- ☑ Required for compliance with Federal or State law or regulation;
- ☐ Relates to the issuance or refinancing of debt;
- ☐ Relates to the adoption of budgets or budget amendments, including revenue sources necessary to fund the budget;
- ☐ Required to implement a contract or an agreement, including, but not limited to, any Federal, State, local, or private grant, or other financial assistance accepted by the local government;
- ☐ Is an emergency ordinance;
- ☐ Relates to procurement; or
- ☑ Is being enacted to implement the following:
    a. Development orders and development permits, as those terms are defined in s. 163.3164, F.S. and development agreements, as authorized by the Florida Local Government Development Agreement Act under ss. 163.3220-163.3243, F.S.;
    b. Comprehensive plan amendments and land development regulation amendments initiated by an application by a private party other than the county;
    c. Sections 190.005 and 190.046, F.S., regarding community development districts;
    d. Section 553.73, F.S. relating to the Florida Building Code; or
    e. Section 633.202, F.S. relating to the Florida Fire Prevention Code.

If you answered NO to Question 1 and checked any boxes in Question 2 then STOP, this form is now complete.
If you answered YES to Question 1 and checked any boxes in Question 2 then complete Question 3.
If you answered YES to Question 1 and did not check boxes in Question 2 then complete Questions 3-5.

Question 3: **What are the potential direct economic impacts (i.e. estimated costs/revenues to County, property owners, taxpayers, etc.) and indirect economic impacts (i.e. perceived positive/negative impacts on property values, etc.) of implementing the ordinance or resolution? (Seminole County Administrative Code Section 2.20)**
Question 4**: What is the estimated direct economic impact of the proposed ordinance on private, for profit businesses in the County, including the following, if any (Section 125.66(3)(a)2., F.S.):** ○ **An estimate of direct compliance costs that businesses may reasonably incur if the proposed ordinance is enacted.** ○ **Identification of any new charge or fee on businesses subject to the proposed ordinance or for which businesses will be financially responsible.** **An estimate of the County's regulatory costs, including an estimate of revenues from any new charges or fees that will be imposed on businesses to cover such costs.**
Question 5: **Provide a good faith estimate of the number of businesses likely to be impacted by the ordinance. (Section 125.66(3)(a)3., F.S.):**

OWNER AUTHORIZATION FORM

An authorized applicant is defined as:

- The property owner of record; or
- An agent of said property owner (power of attorney to represent and bind the property owner must be submitted with the application); or
- Contract purchase (a copy of a fully executed sales contract must be submitted with the application containing a clause or clauses allowing an application to be filed).

I, Nick Harshfield, the owner of record for the following described property *(Tax/Parcel ID Number)* 03-21-29-5WA-0000-0010 hereby designates Brooks Stickler to act as my authorized agent for the filing of the attached application(s) for:

☐ Arbor Permit	☐ Construction Revision	☑ Final Engineering	☐ Final Plat
☐ Future Land Use	☐ Lot Split/Reconfiguration	☐ Minor Plat	☐ Special Event
☐ Preliminary Sub. Plan	☐ Site Plan	☐ Special Exception	☑ Rezone
☐ Vacate	☐ Variance	☐ Temporary Use	☑ Other (please list):

OTHER: PD Rezone & PD Major Amendment

and make binding statements and commitments regarding the request(s). I certify that I have examined the attached application(s) and that all statements and diagrams submitted are true and accurate to the best of my knowledge. Further, I understand that this application, attachments, and fees become part of the Official Records of Seminole County, Florida and are not returnable.

Hi, good morning.

I'm Rodrigo Garcia the Community Manager for The Springs Community Association.

I'm reaching out to you in regards to the project with file number PZ2025-03.

Some of the residents received a correspondence yesterday about the village on the Green project, which raised a few concerns.

- We, the Office and Management Company were never notified about this project, which would directly impact us. If I go by what it says on page 58 that is the old management company that was switched in 2023. How can we update this, and would you be able to tell me where that information came from?
- This would impact on the water retention that we have at the area. Would we be able to express these concerns during the next meeting?
- It's my understanding that a few year back they had an agreement with the association where it stated the Village on the Green would retain 100 hours of rain, are you still planning around that?

Please let me know if any other questions or if there is anything I can do on my end. Especially if we can express this during the meeting next week.

Thank you,

Good afternoon,

I received the notice of public hearing regarding the expansion of Village on the Green. I live on W Sabal Palm Place.

Unfortunately I cannot attend the hearing but would like to know if there would be a plan to add an entrance from Wekiva Springs Road. My concern every time they expand VOG in the additional traffic to Sabal Palm Drive.

With the expansion to Wekiva Springs Drive it would make sense that they be required to add an additional entrance/exit to alleviate some of the traffic. Please advise if that is part of the plan, if not I would request that be added to the discussion.

Thank you for your time,

Allison Moscato

214 W Sabal Palm Pl, Longwood, FL 32779

COMMUNITY MEETING NOTICE

A Small-Scale Future Land Use Amendment and Major Amendment to the Village On the Green Planned Development (PD) has been filed with Seminole County Planning and Development Services. These applications impact the 7-acre parcel located at 140 Wekiva Springs Road, Longwood and identified as Parcel ID 03-21-29-300-009M-0000 (the "Property"). The Applicant is requesting an amendment of the future land use designation from (PD) Planned Development to PD (Planned Development) and an amendment to add the Property to the Village on the Green PD. The PD Major Amendment would allow redevelopment as age-restricted residential units to be integrated into the existing Village on the Green retirement community located at 500 Village Place, Longwood. The proposed development would be located on the north side of Wekiva Springs Road, east of Village on the Green and west of The Springs.

The development team is hosting a community meeting to present information about the proposed project on May 8, 2025 beginning at 6:00 p.m. until 7:00 p.m. in the Florida Meeting Room at the Embassy Suites located at 225 Shorecrest Drive, Altamonte Springs, Florida 32701.

If you have any questions and cannot attend, please contact Lauren Korn via email at Lauren.Korn@lowndes-law.com. We look forward to talking to you.

Dear representative Sillaway,

I am writing to express my strong opposition to the proposed plan to develop the former golf course into a multi-family housing complex.

One of the primary reasons I purchased my property in this area was for the peace, quiet, and open views the golf course provided. The introduction of another large housing development would completely change the character of our neighborhood. Increased traffic, noise, and congestion would not only diminish our quality of life but also put additional strain on local roads and infrastructure that are already being impacted by the existing complex.

This project would also have serious effects on local wildlife. The open land and natural environment are home to many species that would be displaced or harmed if construction were to proceed. The loss of this green space would be permanent and deeply felt by the community.

There is already a significant multi-family complex nearby, and adding another so close by is unnecessary and detrimental to both the neighborhood and the environment. The community deserves to have its character preserved and its residents heard.

I strongly urge you to reconsider approving this development and protect the quality of life for the families who live here.

Village on the Green Small Scale Future Land Use Map Amendment and PD Major Amendment – Consider a Small Scale Future Land Use Map Amendment from High Density Residential and Planned Development to Planned Development and a Rezone from R-3 (Multiple Family Dwelling) and PD (Planned Development) to PD (Planned Development), for the addition of 6.83 acres, forty (40) residential units, an amenities building and two (2) sport courts to the existing Village on the Green Planned Development for a total of approximately 82.78 acres, located on the south side of Sabal Palm Drive, approximately 1,000 feet east of Wekiva Springs Road; (Z2025-03/02.25SS.02) (Brooks Stickler, Kimley Horn and Associates, Applicant) District3 - Constantine (**Annie Sillaway, Principal Planner**).

Annie Sillaway, Principal Planner, presented this item as stated in the Staff report. She further stated that the subject site was approved as part of the Sabal Point PD in 1979 with entitlements for single family residential, multi-family, a golf course, office and commercial uses on 3,050 acres. In 2018, the Board of County Commissioners approved a PD Major Amendment Rezone on 75.76 acres of the Sabal Point PD, now known as the Village on the Green PD; with entitlements for a continuum of care facility of 144 beds providing skilled nursing care for assisted living and memory care, along with 514 independent living units for residents fifty-five (55) years and older, with a maximum density of 10.78 dwelling units per net buildable acre, and a maximum 138,100 square feet for the health care facility and a 35,076 square foot clubhouse. The Applicant is proposing to incorporate an additional 6.83 acres, designated as POD E on the Master Development Plan, from the remaining Sabal Point PD into the Village on the Green PD for the addition of forty (40) independent living dwelling units, consisting of both duplexes and single-family units. The existing Village on the Green proposes adding a 5,500 square foot amenities building, and two (2) sports courts within the southern portion of POD B2. The overall development will maintain a maximum density of 7.09 dwelling units per net buildable acre and a maximum Floor Area Ratio (F.A.R.) of 0.60. The development proposes a new access point onto Wekiva Springs Road from the newly incorporated

6.83 acre parcel, while maintaining access via Sabal Palm Drive. Sabal Palm Drive is classified as an Urban Minor Arterial and a Local roadway. There are discussions of a gate into the proposed POD E site from Wekiva Springs Road. The County Engineer has concerns with access to the site such as possible queueing out onto Wekiva Springs Road. Based on these traffic safety concerns, a right-turn lane or other entrance requirements may be required at the time of Final Engineering. There appears to be approximately 4.80 acres of floodplain on the existing Village on the Green subject property; however, the newly incorporated POD E parcel does not contain any floodplains or wetlands. The Developer will be required to maintain a fifteen (15) foot wide landscape buffer along the south and southeast perimeter, and a ten (10) foot wide landscape buffer is proposed along the west boundary of the newly incorporated POD E parcel. The amenity area, encompassing the amenities building and sport courts, shall maintain the previously approved ten (10) foot wide buffer along its southern boundary of POD B2. The proposed project is located within the Little Wekiva Drainage Basin. A portion of the site has a Master Drainage Basin system. Due to the basin having a limited downstream capacity, the site will have to be designed to hold water quality and the pre- versus post-volumetric difference for the twenty-five (25) year, twenty-four (24) hour storm event. The overall site will be required to maintain a minimum of twenty-five (25) percent open space. The proposed PD zoning designation and the associated Master Development Plan have been evaluated for compliance with the Seminole County Land Development Code (SCLDC) review criteria for Planned Developments. The proposed Planned Development (PD) zoning and associated Master Development Plan are consistent with the Seminole County Land Development Code (SCLDC) and the Comprehensive Plan. The development supports the goals of the Future Land Use Element by promoting flexibility, incorporating a mix of housing types, and redeveloping under-utilized land, specifically through the newly integrated 6.83 acre parcel, referred to as POD E, that was previously developed as an office site and is proposed to be converted into an additional 40 independent living units. The project cannot be reasonably implemented under conventional zoning and offers greater community benefits, including Crime Prevention Through Environmental Design (CPTED), measures secure fencing and controlled access, as well as reduced vehicular trips due to on-site amenities, proximity to retail, and internal golf cart access. The design preserves approximately 90% of the existing tree canopy in key areas, enhances landscaping with native species, and provides internal sidewalks, trails, and pedestrian access to Wekiva Springs Road, ensuring strong multimodal connectivity. The applicant has demonstrated compliance with all relevant sections of the Code, including residential design standards, neighborhood improvements, and Common Useable Open Space requirements as demonstrated in the architectural rendering, while presenting an innovative and efficient development approach that aligns with adopted County planning policies. The Planned Development Future Land Use designation shall promote flexibility and creativity in the development design, especially where needed to implement adopted policies of the Comprehensive Plan. It may also be used to promote, pedestrian-oriented development, and protection of natural resources such as wetlands, lakes, and other natural amenities. Per the Seminole County Comprehensive Plan FLU Objective 1.6 Standards of Review – Category 1, Land Use Amendments are evaluated utilizing the following criteria and are addressed as follows:

The proposed land use amendment and redevelopment of the subject site are justified by significant changes in the surrounding area's character, notably the declining demand for office space post-COVID and the increased need for senior housing. The project repurposes an underutilized commercial parcel into a residential development, reducing sprawl and enhancing community integration by expanding the existing Village on the Green. Public facilities and services; including water, sewer, and road access, are already in place with sufficient capacity. The redevelopment is expected to reduce peak traffic impacts compared to the previous office use, and all infrastructure improvements will comply with adopted service levels. The site is suitable for development, with no wetlands or floodplain concerns, though karst features will require appropriate buffering and conservation easements. The proposed use creates a compatible transition between existing commercial and residential developments, incorporating appropriate setbacks, landscaping, and open space. While no public facility contributions beyond minimum requirements are anticipated, the applicant will need to provide a sidewalk and potentially a right-turn lane due to access concerns. Although the project does not include workforce housing or directly support economic development or mass transit, it reduces transportation impacts and aligns with local, regional, and state planning policies by redeveloping underutilized land, preserving natural resources, and enhancing neighborhood compatibility in accordance with the Central Florida Regional Growth Vision.

The Applicant conducted a community meeting on May 8, 2025, and no one from the public attended the meeting. Details of the community meeting have been provided in the agenda package. For the record, I have received three emails of concern for this project from adjacent neighbors and these emails were emailed to the Planning and Zoning Commission, as well as two additional emails received this afternoon, have also been provided to this Board tonight.

Staff requests the Planning and Zoning Commission recommend the Board of County Commissioners adopt the proposed Small Scale Future Land Use Map Amendment and concurrent Rezone as per the following two motions:

Commissioner Carissa Lawhun asked if the concerns by the County Engineer with the proposed access off of Wekiva Springs Road can be resolved with the right turn lane, or could this access be eliminated entirely in the future.

Jose Gomez, Development Services Director and Professional Engineer, responded that it is a concern for ingress and egress, as well as stacking due to the proposed gate placement. There are ways to mitigate that at Site Plan, but if they can't provide the sufficient stacking then they'd have to provide a turn lane. If they could not, then the gate would not be allowed at the proposed location. The applicant is proposing access at that location.

McGregor Love, for the applicant, with Lowndes Law, of Orlando, Florida, stated that Staff

did a great and thorough job presenting this project. Mr. Love stated that the existing building was built in 1983, and has over 67,000 square feet, with an almost entirely impervious surface. Allowing this parcel to be re-developed under the current Code in a manner that integrates a residential use with existing development is why Staff appropriately noted that this is consistent with the Planning objectives of the County. The project engineer is also here tonight to answer more detailed questions for the Board or members of the public.

No one from the audience spoke in support of this request.

The following audience members spoke in opposition to this request, as follows:

1) Kevin Boyle, of Longwood, stated that he lives immediately behind this lot. He is opposed due to the development of the recreational area and the open sports courts (pickle ball). This has been a big issue with the noise ordinance and the disruption it causes; as well as the drainage and retention pond issues.
2) Melissa Sukanek, of Longwood, asked if there will be a traffic light for people leaving the development, making a left turn onto Wekiva Springs Road, since this is a heavily travelled roadway. She also asked if this development would take away the wooded areas that will interrupt the lives of the deer present on the property now.
3) Alexi Wyatt, of Longwood, stated that she lives close to Kevin Boyle, and she has noise concerns with the proposed pickle ball courts, with the impacts on the environment, and with changing the character of the Springs.
4) Edna Rosen, of Longwood, stated that she is the President of the condominium association, Fairway Villas, which is located directly behind the proposed project. She is opposed to most of the development due to the substantial impacts on their community regarding noise, traffic, wildlife, and flooding. They live in a 100 acre nature preserve with a lot of wildlife in the area and asked what will be done to mitigate the displacement of the wildlife in their nature preserve. She also has drainage concerns. They are located a little higher, but if that changes due to this new development, what will happen to all of the storm water and will this flood them.
5) Sherri Barwick, of Longwood, stated that she lives in the Springs and is the President of a sub-association. There are ten sub-associations in the Springs. This development will adversely impact the wildlife in their area. Her biggest concern is water, as the Spring's drainage system was established to be an engineered system without any underground pipes. It's important that all of the communities surrounding them contain their own water, so that her community and the other surrounding communities are not adversely affected by the new development.
6) Asher Wildman, of Longwood, stated that he thinks that the County is over-looking regarding drainage. They have no issues with Village on the Green. In 2010, their community did an engineering study on Willow Run, which is drainage for 40% of their community. Willow Run is supposed to be taking care of the water from the Springs, portions of Springs Landing, and portions of Sabal Point, but not Village on the Green and not the golf course. This was done by Hardin Engineering in

2010 and a copy was provided to the County in 2010. He stated that there was no public input on May 8th, because they didn't receive a notification letter for public input for the community meeting. However, he did receive the meeting notification letter from the County. The water they get from Fairway comes underneath their neighborhood, flows behind Wisteria Drive, which services 45% of their neighborhood, plus all of the water from Sabal, which is who they're supposed to get it from and not from Village on the Green. During Hurricane Ian there was flooding in their area and they had to pump out water. The burden has been on them to figure out where to put the water and their number one concern. He's terrified for his community that people are going to lose their homes due to flooding.

7) Howard Moss, of Longwood, stated that he moved into the area because of the nature preserve and green space. He also has concerns with the flooding. He has concerns about the recreational area proposed and traffic in the area. He doesn't think Village on the Green can be trusted based on everything they've done in the past with drainage. People don't want their wildlife disrupted with a sports facility or flooding. The residents are scared.
8) Anthony Renda, of Longwood, stated that he is the President of Shadow Wood Village, which is part of the Springs. They are one area with a retention pond, which becomes a lake during a hurricane. The drainage goes into the area that Asher described and, over the years with development around the Springs, has created more and more water runoff into their area. They've done mechanical pumping systems to move water away and dug pits for retention of water. There is no place for the water to go. They don't have an underground system and their main concern is with drainage. They've had previous flooding into their homes and roadways. Any development that does not adequately consider and improve the way that water comes towards the Springs, does need to be considered. Videos were shown of flooding in the Springs.
9) Deanna Sims, of Longwood, stated that she lives in the Live Oak Village and she is the President of their association. She is yielding all of her time to Asher Wildman.
10) Asher Wildman, of Longwood, stated that back when they did their expansion it was noted with the County that two things would be done; engineer and design the stormwater system that does not discharge water onto the adjacent Springs development, and the proposed retention area designed to retain storm water runoff prior to discharging minimal amounts to the north away from the Springs neighborhood. History has repeated itself. They have dredged Willow Run and taken care of the vegetation in Willow Run at the expense of the private HOA. Willow Run is at the mercy of the County to make sure that the amount of water gets to the river in a timely manner that doesn't flood people's homes.
11) Gregory Miller, of Longwood, stated that his concerns are with drainage and flooding. His lot backs up to Village on the Green. Willow Run runs through his backyard. The past two hurricanes, in 2022 and 2024, flooded his yard up to his house. He's concerned that the new construction will have more flooding trouble for him. He opposes any project without guarantees that they will not get more water and flooding risk. He's not convinced that this project won't cause more trouble down the line.

12) Paul Reklaitis, of Wekiva Springs, showed pictures of the Springs development.
13) John Lasine, of Longwood, stated that he lives and has property in the area, and also serves as Treasurer for Fairway Villas. He is reinforcing what has been said tonight, that the water runoff has been a challenge, and the loss of quality of life with the flooding in their area. The proposed development will add to this and he is firmly opposed to it.
14) Christine Lauretano, of Longwood, submitted a written comment opposed to this project.
15) Brandon Culver and Warren Holley, of Longwood, submitted a written comment stating that a 10 foot concrete sound wall should be built between Fairway Villas and the project at the builder's expense, if it is built.

McGregor Love, in his rebuttal, stated the following:

- All of the concerns are legitimate concerns, as there is a problem in this area with flooding.
- Traffic and environment concerns are also perfectly legitimate concerns.
- What separates this development from others is that this is an infill, re-development of a very intensely developed parcel.
- There is over 67,000 square feet of commercial building on this parcel, subject to this request.
- They have to adhere to the twenty-five percent (25%) open space requirement, per the Code, for impervious surface area.
- There is far too much impervious surface area.
- Mr. Renda mentioned that it should be incumbent upon developers to improve the drainage issue that they're experiencing.
- There will be significantly more pervious area, with the proposed project, and the main contributing factor for storm water runoff is impervious surface. There will be a substantial reduction in impervious surface.
- There should be an improvement with storm water runoff that's caused by this parcel.
- This parcel's contribution to that issue should be reduced.
- Regarding the traffic issue, the current use with its current build-out generates 119 PM peak hour trips. This proposed use generates 20.
- A lot of the questions asked will be addressed at Final Engineering; such as wetlands, setbacks, etc.
- It's natural to think of an application request to increase the amount of developed square footage, but this is a reduction in the existing development of this area.

Jeff Swisher, Project Engineer with Kimley-Horn, of Orlando, for the project stated the following:

- The subject site building roof is massive and there's a lot of impervious area, which is a main contributor for water runoff from a site is the amount of impervious area that is on the site.
- When rooftops and parking areas removed and more grass added back, that helps

a lot to reduce the runoff.

- The site is old, but it now has to meet the new County standards and also the water management district's requirements.
- The wet ponds adjacent to the site will be enhanced.
- By changing the current plan to the new development plan, will actually reduce the impervious area, which will help a ton for reducing water runoff from the site.

The project architect stated that they are showing some sports areas for recreational uses, as with any development there are trails, open space, and something for people to do. As far as pickle ball goes, their average age is 83 in their communities. They are willing to work on the location of the sports areas and he doesn't think that will be an issue. In response to the statements about taking away wildlife and natural areas, they are doing none of that. They are concentrated on the areas that are paved. The goal is to get rid of the building and pavement, preserve the trees in the islands, put back pervious area, and get rid of impervious areas. The County suggested enclosed rain gardens, which helps divert water away from our homes. If this site remains undeveloped, the next buyer will likely leave it as a commercial use. That will not do anything to help the water situation. Their proposed project will help both the neighborhood and the adjacent community. They are willing to work together with the neighbors and want to have their input on the sports court.

Someone from the audience asked the project engineer what the reduction in the impervious surface will be. The project engineer responded that when they get into design, they will work with the County on quantifying and doing the analysis for exactly how much water will be reduced. They will have water reduction that goes to the ponds. They have to meet the current criteria with the water management district, as well as the County, to ensure they're not making the flooding any worse. This will all be done during the engineering phase.

Another person from the audience, who was not recorded on the record, asked a question that was not audible. Mr. Swisher responded by stating that exact impervious surface ratios or area calculations are not done at this stage of the process. However, Staff noted in their report that there will be a substantial reduction in impervious surface area.

Neysa Borkert, Deputy County Attorney, stopped the yelling from the audience, since it is not on the record and not in front of the microphone where public speaking is allowed, which includes the name of the person speaking. From the audience, we don't know who is yelling. She further explained to the audience that this meeting is a recommendation hearing, and it will go to the Board of County Commissioners. The applicant and staff are available to answer questions. We cannot allow yelling from the audience because it is not on the record.

Mr. Love supported Ms. Borkert's comment that they will assist with answering questions.

Ms. Borkert mentioned that the audience was worried about a left turn lane and a traffic light at the entrance, and Mr. Love stated there would be a reduction with the trip count,

if someone could explain to the audience as to how the process works.

The project engineer stated that there is currently one entrance to the community, and they are adding 40 homes. The one entrance does not have a substantial impact on traffic right now. A second entrance makes a lot of sense for safety purposes. Most communities of this size have two entrances. There will be a right in, right out provision for the entrance, which is what is there now. There won't be the ability to make a left turn out of the community. The number of trips will be dramatically reduced due to the changed use. A signal warrant analysis will have to be done, as an applicant can't volunteer to install a traffic light on their own, as it is not within their authority. During engineering, if one is found to be needed, based on the signal warrant analysis, then one will be required to be installed at the developer's expense. They can't agree to a condition, as they don't have the authority to do that on their own.

Ms. Borkert mentioned that there was a concern and question about the noise from the potential pickle back court and asked the applicant to address the noise mitigation or moving the court if needed. The project engineer referred to the County's current sound ordinance, but if it is not sufficient to cover noise of this type, they would be happy to discuss it between now and the Board of County Commissioners meeting to assure there won't be any nuisance noise from the athletic amenity. He is hesitant to craft one now, but happy to work on something before the BCC meeting.

Commissioner Carissa Lawhun asked about the maximum allowable impervious area compared with the current impervious area.

Ms. Sillaway, Principal Planner, responded that she cannot state how much existing impervious is on site, but the site is in a high re-charge area, so they are limited to 60% of impervious for any future development, which will be demonstrated at the time of Final Engineering. We are currently only at the rezoning stage.

Commissioner Lourdes Aguirre had concerns about some of the residents not getting the meeting notice.

Jose Gomez, Director of Development Services, stated that the notices for the community meeting, per the Land Development Code is a 1,000 foot radius from the property. The notices that were sent recently, which were courtesy notifications, were sent out to those within 1,500 feet from the proposed project. We do have record that the notices were sent out and has been provided in the agenda packet.

Mr. Borkert stated that the P&Z Board is to make a recommendation to the Board of County Commissioners and in making that recommendation, can state on the record that they recommend additional conditions go with it; for example, the applicant may reach out to the community again, and maybe to a larger area or, be made available to answer questions to work out the neighbor's concerns. When we present it to the BCC Board, we include what your recommendation is, with any comments, concerns, or additional conditions. That is an option for this Board.

Commissioner Lawhun stated that another option is to table the project until the next meeting to give the applicant/public time to work out some of these issues. Ms. Borkert responded that they can table the item. If so, this Board would need to continue it to a date certain for the record, so there is no expense of re-noticing. She further stated that she would recommend if they table/continue a project, to make very specific reasons why the Board is continuing the project and state exactly what is needing to be done within during that period. Also, if the Board continues an item to a date certain, all of the evidence that was put on the record at the meeting, and all of the public comment made are still part of the record. At the continued meeting, if there is any public comment on new items that come up, then this Board would allow public comment, but the same members of the public wouldn't be allowed to speak again on the same item, since we already have that on the record.

Board discussion ensued. The applicant stated that they would be happy to host a Teams meeting before the Board of County Commissioners on September 9, 2025.

A motion was made by Commissioner Brandy Ioppolo, seconded by Commissioner Carissa Lawhun to approve and refer the Village on the Green Small Scale Future Land Use Map Amendment and PD Major Amendment to the Board of County Commissioners, *with the condition that the developer engage with the community, based on the conversations discussed at tonight's meeting.* **The motion passed unanimously**.

Ayes (5): Chairman Mike Lorenz, Vice Chairman Tim Smith, Commissioner Lourdes Aguirre, Commissioner Carissa Lawhun, and Commissioner Brandy Ioppolo

File Number: 2025-794

Title:

The Cigar Lounge Special Exception - Consider amending an existing Special Exception for an alcoholic beverage establishment to allow for expansion in the PD (Planned Development) district on 2.29 acres, located on the northwest corner of W. State Road 426 and Via Loma Drive; BS2024-05 (Ryan LaBarre, Applicant) District1 - Dallari **(Hilary Padin, Planner)**

Agenda Category:

Public Hearing Items

Department/Division:

Development Services

Authorized By:

Jose Gomez, Development Services Director

Contact/Phone Number:

Hilary Padin/407-665-7331

Background:

The Applicant currently operates an existing cigar lounge in a shopping plaza via a Special Exception approved on October 25, 2010, for on-premise consumption of beer and wine as an accessory use to the tobacco products offered for sale on site. The Applicant is requesting to amend the Special Exception to allow for expansion of the operation into the adjacent unit to continue serving beer and wine.

The cigar lounge has increased from 1,350 square feet to 2,500 square feet in size and seats twenty-five (25) patrons, with no outdoor seating. The hours of operation are currently Monday through Wednesday from 12:30 pm to 9:00 pm, Thursday through Saturday from 12:30 pm to 11:00 pm, and Sunday from 1:00 pm to 8:00 pm.

Section 30.6.6.2(d) of the Seminole County Land Development Code (SCLDC) states that any establishment selling alcoholic beverages for consumption on-premise shall

maintain separations from all churches and schools. The cigar lounge meets all separation requirements and will continue to meet these requirements with the proposed expansion.

Staff Findings:
In reviewing Special Exception requests, Section 30.3.1.5(a) of the Seminole County Land Development Code requires that the Planning and Zoning Commission hold a public hearing to consider the proposed Special Exception and submit written recommendations to approve with conditions or deny the request to the Board of County Commissioners for official action. After review of the Special Exception request and a public hearing, the Board of County Commissioners may approve the request if it is determined that the use requested:

(1) Is not detrimental to the character of the area or neighborhood or inconsistent with trends of development in the area:
Staff Analysis:
The cigar lounge is an existing use within an existing shopping center and has operated under the existing Special Exception approval for fifteen (15) years. Approximately ten (10) years ago, the establishment expanded into the adjacent suite, which had previously operated as a tile shop, and has continued to operate in that configuration since. The Cigar Lounge changed ownership last year which prompted the requirement to amend the alcohol license; during review of the name change for the alcohol license, Staff became aware of the establishment's expansion. The shopping center also includes a restaurant that serves liquor and other retail commercial uses. Therefore, it is not detrimental to the character or inconsistent with the trend of development of the area as it is an existing use and compatible with other retail uses in the area.

(2) Does not have an unduly adverse effect on existing traffic patterns, movements and volumes:
Staff Analysis:
The establishment is located within an existing shopping center, where traffic calculations have already been performed to support the commercial uses. The site fronts a main thoroughfare, with an entrance from W. State Road 426, and a second entrance from Via Loma Drive and required parking provided onsite; therefore, the alcoholic beverage establishment is not expected to have an unduly adverse effect on existing traffic patterns, movements, and volumes.

(3) Is consistent with the County's Comprehensive Plan:

Staff Analysis:
The subject property has a Future Land Use (FLU) designation of Higher Intensity Planned Development - Transitional (HIP-TR). Pursuant to the Seminole County Comprehensive Plan, the purpose and intent of this designation is to provide a variety of land uses, development intensities, target industry development and supportive residential uses. This Land Use permits neighborhood and community shopping centers, convenience stores, and retail sales, and supports the existing PD (Planned Development) zoning classification known as the Loma Vista PD, which allows for the use of an alcoholic beverage establishment when approved via the special exception process. Further, the requested Special Exception would not increase the Floor Area Ratio above 0.35, which is the maximum allowed intensity in the HIP-TR Future Land Use; therefore, the request is consistent with the Seminole County Comprehensive Plan.

(4) Will not adversely affect the public interest:
Staff Analysis:
The Loma Vista Planned Development allows uses permitted within the C-1 (Retail Commercial) district, where alcoholic beverage establishments are allowed with the granting of a special exception. The existing use as a cigar lounge has been established in this location since 2010. Within this planned shopping center and all along W. State Road 426, exists numerous restaurants and establishments that also serve alcohol. Therefore, the granting of the subject Special Exception will not adversely affect the public interest.

Community Meeting
In compliance with Seminole County Land Development Code Sec. 30.3.5 - Community meeting procedures, the Applicant conducted a community meeting on July 15, 2025. Details of the community meeting have been provided in the agenda package.

Planning and Zoning Commission
The Planning and Zoning Commission met on August 6, 2025, and voted unanimously to recommend the Board of County Commissioners approve the Special Exception to allow, with the conditions stated in the Development Order, an alcoholic beverage establishment to expand in the PD (Planned Development) district on 2.29 acres, located on the northwest corner of W. State Road 426 and Via Loma Drive. The P&Z minutes are provided in the agenda package.

Requested Action:

Staff requests the Board of County Commissioners approve the amendment of an existing Special Exception as per the following motion:

Based on Staff's findings and testimony and evidence received at the hearing, the Board of County Commissioners finds the request meets the identified portions of the Seminole County Land Development Code and moves to approve the amended Special Exception to allow, with the conditions stated in the Development Order, an alcoholic beverage establishment to expand in the PD (Planned Development) district.

SECTION 4 – DESCRIPTION OF PREMISES TO BE LICENSED
TO BE COMPLETED BY THE APPLICANT

Business Name (D/B/A) ALOMA GROUP LLC

1.	Yes ☐	No ☒	Is the proposed premises movable or able to be moved?
2.	Yes ☐	No ☒	Is there any access through the premises to any area over which you do not have dominion and control?
3.	Yes ☐	No ☒	Is the business located within a Specialty Center? If yes, check the applicable statute: ☐ 561.20(2)(b)1, F.S. or ☐ 561.20(2)(b)2, F.S.
4.	Yes ☐	No ☒	Are there any mobile vehicles used to sell or serve alcoholic beverages?
5.	Yes ☐	No ☒	Are there more than 3 separate rooms or enclosures with permanent bars or counters?

Neatly draw a floor plan of the premises in ink, including sidewalks and other outside areas which are contiguous to the premises, walls, doors, counters, sales areas, storage areas, restrooms, bar locations and any other specific areas which are part of the premises sought to be licensed. A multi-story building where the entire building is to be licensed must show the details of each floor.

Seminole County Special Exception request

Project #24-32000005

Statement of Request:

We are a small business, Cigar Lounge, which we bought just over a year ago. When we bought the business, it had an active alcohol license which we assumed we could just transfer to our name. When we applied for the transfer, we were told that we needed to apply for a special exception, and this is what we are doing now. All we are looking to get is a beer and wine license.

The business sells cigars for on premise and off premise use. The suite is part of the commercial center know as Pit Stop. It is 2500 square feet, which consists of the original 1330 cigar lounge and an added 1170 square feet for a e-cig sales. The Hours of operations area as follows:

Sun 1 pm-8 pm

Mon-Wed 12:30 pm - 9 pm

Thru-Sat 12:30 pm – 11 pm

The seating capacity is 20 to 25 people, any outdoor seating will be removed to meet the necessary ordinance. There is an open space out in front of the location that is only for open space.

We have 4 employees

Since the site has had alcohol for numerous years prior to us taking over I do not see any concerns that will impact adjacent properties. There is also a restaurant next door that sells alcohol.

Once all the requirements have been met will set up the required meeting for the community.

Guss Rahal

Operation Manager

SEMINOLE COUNTY
AMENDED AND RESTATED
APPROVAL DEVELOPMENT ORDER

On September 9, 2025, Seminole County issued this Development Order relating to and touching and concerning the following described property:

LOT 4 LOMA VISTA PB 59 PGS 27 TO 30

(The above described legal description has been provided by Seminole County Property Appraiser.)

A. FINDINGS OF FACT

Property Owner: JAWAD OVIEDO LLC
7630 BLUE QUAIL LN
ORLANDO, FL 32835

Project Name: THE CIGAR LOUNGE - SPECIAL EXCEPTION

Requested Development:

Amending an existing Special Exception (DO# 10-32000012) for an alcoholic beverage establishment to allow for expansion in the PD (Planned Development) district.

The findings reflected in the record of the September 9, 2025, Board of County Commissioner's meeting are incorporated in this Order by reference.

B. CONCLUSIONS OF LAW

The development approval sought is consistent with the Seminole County Comprehensive Plan and is in compliance with applicable land development regulations and all other applicable regulations and ordinances.

Order

NOW, THEREFORE, IT IS ORDERED AND AGREED THAT:

(1) The aforementioned application for development approval is **GRANTED.**

(2) All development must fully comply with all of the codes and ordinances in effect in Seminole County at the time of issuance of permits, including all impact fee

ordinances, to the extent that such requirements are not inconsistent with this Development Order.

(3) The conditions upon this development approval are as follows:

a. The Special Exception granted applies only to the alcoholic beverage establishment as depicted on the Special Exception Site Plan.

b. The layout of the proposed use will be substantially consistent with that which is depicted on the Special Exception Site Plan, attached hereto as “Exhibit A”.

c. The Cigar Lounge may not occupy more than 2,500 square feet and cannot expand without approval from the Board of County Commissioners.

d. The seating is capped at twenty-five (25) seats and may not be increased without approval from the Board of County Commissioners.

e. No outdoor seating is permitted.

f. The Cigar Lounge is limited to beer and wine (2COP) sales and cannot upgrade their license type without approval from the Board of County Commissioners.

g. The hours of operation are Monday through Wednesday from 12:30 pm to 9:00 pm, Thursday through Saturday from 12:30 pm to 11:00 pm and Sunday from 1:00 pm to 8:00 pm.

h. All alcoholic beverage establishments shall comply with Seminole County Code Section 15.17 unless otherwise provided for herein.

i. The development must continue to comply with the Loma Vista PD requirements as stated in Development Order 99-1004 and the associated Developer’s Commitment Agreement.

(4) This Development Order touches and concerns the above described property and the conditions, commitments and provisions of this Development Order will perpetually burden, run with and follow this property and be a servitude and binding upon this property unless released in whole or part by action of Seminole County by virtue of a document of equal dignity with this Order.

(5) The terms and provisions of this Order are not severable and in the event any portion of this Order is found to be invalid or illegal then the entire order will be null and void.

(6) All applicable state or federal permits must be obtained before commencement of the development authorized by this Development Order.

(7) Issuance of this Development Order does not in any way create any rights on the part of the Applicant or Property Owner to receive a permit from a state or federal agency, and does not create any liability on the part of Seminole County for issuance of the Development Order if the Applicant or Property Owner fails to obtain requisite approvals or fulfill the obligations imposed by a state or federal agency or undertakes actions that result in a violation of state or federal law.

Done and Ordered on the date first written above.

Community Meeting Notice

Public Invitation – Seminole County, Florida

NOTICE OF COMMUNITY MEETING

Date: July 15, 2025

Time: 6:00 PM

Location: iSmoke Cigar Lounge

2960 W State Road 426, Oviedo, FL 32765

Subject:

Application for Beer and Wine License

The owners of iSmoke Cigar Lounge have applied for a license to serve beer and wine at their establishment, located at the address above. In accordance with Seminole County requirements, a community meeting will be held to discuss this application and gather public input.

Purpose of Meeting:

- To inform nearby residents and business owners of the pending application
- To provide an opportunity for community members to ask questions or express concerns
- To ensure transparency and gather feedback before licensing decisions are made

Public Participation:

- All interested members of the public are invited to attend and participate.
- Comments, questions, and feedback are encouraged.

For more information regarding this special exemption, please contact Seminole County Planning and Development at 407-665-7331.

Your voice matters. Join us to stay informed and involved in our community.

The Cigar Lounge Special Exception – Consider amending an existing Special Exception for an alcoholic beverage establishment to allow for expansion in the PD (Planned Development) district on 2.29 acres, located on the northwest corner of W. State Road 426 and Via Loma Drive; BS2024-05 (Ryan LaBarre, Applicant) District1 – Dallari **(Hilary Padin, Planner).**

This item is a request for a special exception for The Cigar Lounge to amend an existing special exception for an alcoholic beverage establishment to allow for expansion in the Loma Vista Planned Development on 2.29 acres, located on the northwest corner of W. State Road 426 and Via Loma Drive. The Applicant currently operates an existing cigar lounge in a shopping plaza via a Special Exception approved on October 25, 2010 for on-premise consumption of beer and wine as an accessory use to the tobacco products offered for sale. The Applicant is requesting to amend the Special Exception to allow for expansion of the operation into the adjacent unit to continue serving beer and wine. The cigar lounge has increased from 1,350 square feet to 2,500 square feet in size and seats twenty-five (25) patrons, with no outdoor seating. The hours of operation are currently Monday through Wednesday from 12:30 pm to 9:00 pm, Thursday through Saturday from 12:30 pm to 11:00 pm, and Sunday from 1:00 pm to 8:00 pm. The Seminole County Land Development Code states that any establishment selling alcoholic beverages for consumption on-premise shall maintain separations from all churches and schools. The cigar lounge meets all separation requirements and will continue to meet these requirements with the proposed expansion. The Land Development Code states that certain criteria must be met for the Board of County Commissioners to approve a Special Exception request. Staff finds that the request meets the 4 criteria. On July 15, 2025, the Applicant held a community meeting in compliance with the Land Development Code. Details of the community meeting have been provided in the agenda package provided to the Board. Staff requests approval of this request.

Commissioner Carissa Lawhun asked about the picture showing outdoor seating, but it was stated that there is no outdoor seating. Ms. Padin stated that the applicant is opting to remove the outdoor seating.

Ryan LaBarre, the applicant, of Windermere, Florida, stated that he bought the cigar lounge which has been in business for approximately twelve (12) years and they bought it about (2) two years ago. They served beer and wine, which they tried to renew, but the previous owner put in an “L” to the bar into the next space, which required them to re-apply to go through the whole thing again and which has been a dilemma.

Commissioner Lourdes Aguirre asked if the expansion of the square footage requires exhaust fans and Mr. LaBarre responded that they are already installed. He further stated that the previous owner blew out a wall and made the bar into an “L”, but all it did was add approximately three to four more seats to the bar, with the rest of the space serving as retail space and holding products, but there is no additional seating.

No one from the audience spoke in favor or in opposition to this request.

A motion was made by Commissioner Brandy Ioppolo, seconded by Commissioner Carissa Lawhun to approve and refer The Cigar Lounge to the Board of County Commissioners. **The motion passed unanimously**.

Ayes (5): Chairman Mike Lorenz, Vice Chairman Tim Smith, Commissioner Lourdes Aguirre, Commissioner Carissa Lawhun, and Commissioner Brandy Ioppolo

FILE NO.: BS2010-12 DEVELOPMENT ORDER # 10-32000012

SEMINOLE COUNTY APPROVAL DEVELOPMENT ORDER

On October 25, 2010, Seminole County issued this Development Order relating to and touching and concerning the following described property:

LOT 4 LOMA VISTA PB 59 PGS 27 TO 30

(The aforedescribed legal description has been provided to Seminole County by the owner of the aforedescribed property.)

FINDINGS OF FACT

Property Owner: ALI H JAWAD
2960 426 SR W
OVIEDO FL 32765

Project Name: W SR 426 (2960)

Special Exception Approval:

To allow on-premise consumption of beer and wine as an accessory use associated with The Cigar Lounge in PUD (Planned Unit Development) district.

The Development Approval sought is consistent with the Seminole County Comprehensive Plan and will be developed consistent with and in compliance to applicable land development regulations and all other applicable regulations and ordinances.

The owner of the property has expressly agreed to be bound by and subject to the development conditions and commitments stated below and has covenanted and agreed to have such conditions and commitments run with, follow and perpetually burden the aforedescribed property.

Order

NOW, THEREFORE, IT IS ORDERED AND AGREED THAT:

(1) The aforementioned application for development approval is **GRANTED.**

(2) All development shall fully comply with all of the codes and ordinances in effect in Seminole County at the time of issuance of permits including all impact fee ordinances.

(3) The conditions upon this development approval and the commitments made as to this development approval, all of which have been accepted by and agreed to by the owner of the property are as follows:

1. The Special Exception granted will apply to on-premise consumption limited to beer and wine as an accessory use associated with The Cigar Lounge in Unit 1032.
2. The Cigar Lounge will occupy 1,330 square feet with 20 seats. Any expansion to the use will require an amendment to the special exception.
3. The hours of operation are from noon to 10 PM, seven days a week.
4. Prior to the issuance of development permits, a site plan that meets the requirements of all other applicable code requirements including Chapter 40 of the Land Development Code shall be reviewed and approved by the Development Review Committee.
5. The special exception granted shall expire one (1) year after approval unless a development permit based upon and incorporating the special exception is obtained within the one (1) year period. One six (6) month extension may be granted by the Board. SCLDC 30.45

(4) This Development Order touches and concerns the aforedescribed property and the conditions, commitments and provisions of this Development Order shall perpetually burden, run with and follow the said property and be a servitude upon and binding upon said property unless released in whole or part by action of Seminole

(5) The terms and provisions of this Order are not severable and in the event any portion of this Order shall be found to be invalid or illegal then the entire order shall be null and void.

Done and Ordered on the date first written above.

Title:

Non-Ad Valorem Assessment Roll - Resolution to Adopt the 2025 Non-Ad Valorem Assessment Roll with Certification provided to the Seminole County Tax Collector. Countywide (**Tameka Morton, MSBU Program Manager**)

Division:

Resource Management - MSBU

Authorized By:

Lorie Bailey Brown, CFO/Resource Management Director

Contact/Phone Number:

Michelle Rosa, MSBU Financial Manager 407-665-7172

Background:

The Seminole County Board of County Commissioners adopted the uniform method of collection for non-ad valorem assessments authorized through the MSBU Program, pursuant to Section 197.3632, Florida Statutes. The uniform method provides for placement of non-ad valorem assessments on the annual property tax bill for collection by the Tax Collector. A requirement of using this method is the delivery of a certified assessment roll to the Seminole County Tax Collector by September 15.

The consolidated Non-Ad Valorem Assessment [NAVA] Roll for 2025 presented for adoption and certification is comprised of the assessment rolls associated with all active Municipal Services Benefit Units [MSBUs] authorized by the Board of County Commissioners and coordinated through the MSBU Program. The NAVA Roll (listed in parcel identification number order) provides a consolidated listing of assessments inclusive of assessment type/purpose, benefit units and assessment amounts. The consolidated assessment roll includes annual variable rate assessments and annual installment billings for financed capital assessments.

The non-ad valorem assessment rates subject to annual variation were approved by the Board via Resolution on July 22, 2025. The installment billings for capital

improvement project assessments were approved via Board resolutions following completion of each project. The consolidated assessment roll is comprised of 384 MSBUs, 130,327 assessments and generates $26,542,510 revenue for specific public services offering special benefit to specific properties and geographic areas. A summary of the number of parcels and revenue generated by public service category via the consolidated Non-Ad Valorem Assessment Roll for 2025 is as follows:

Notice of proposed and/or adopted assessment was mailed first class on August 4, 2025, to the owners of all property subject to non-ad valorem assessment. A public hearing notice was published on the publicly accessible website of Seminole County on August 10th and published in the Orlando Sentinel on August 10, 2025.

Minor changes (revisions due to residential solid waste collection service option changes and routine updates in property records) will be made to the NAVA Roll by the MSBU Program prior to submittal to the Tax Collector by September 15, 2025. The deadline for property owners to change residential solid waste collection service options for service year 2025 was August 15, 2025.

Requested Action:

Staff requests the Board approve and authorize the Chairman to execute a Resolution adopting the 2025 Non-Ad Valorem Assessment Roll with certification provided to the Seminole County Tax Collector.

RESOLUTION

of the

SEMINOLE COUNTY BOARD OF COUNTY COMMISSIONERS

ESTABLISHING THE NON-AD VALOREM ASSESSMENT ROLL OF SEMINOLE COUNTY ADOPTED BY THE BOARD OF COUNTY COMMISSIONERS OF SEMINOLE COUNTY, FLORIDA AT THEIR REGULARLY SCHEDULED MEETING OF _____, 2025.

WHEREAS, the Board of County Commissioners of Seminole County, Florida (the "Board") adopted by numerous Resolutions in past years the uniform method for collection of non-ad valorem assessments pursuant to Section 197.3632, Florida Statutes; and

WHEREAS, the Board has established Municipal Service Benefit Units (MSBUs) for the purpose of funding ongoing municipal services such as residential solid waste management (collection and disposal), street lighting, lake management services, as well as constructed improvements such as environmental remediation, replacement of deteriorated subdivision walls, metered water supply lines, wastewater conveyance systems, lake restoration, road paving, stormwater control, sidewalk renovation, and other essential municipal services through various ordinances and resolutions.

NOW, THEREFORE, BE IT RESOLVED by the Board of County Commissioners of Seminole County, Florida that the 2025 Non-Ad Valorem Assessment Roll of Seminole County attached hereto as Exhibit A and providing a detailed listing of all properties for which a non-ad valorem assessment is levied, including the amount of the non-ad valorem assessment or assessment installment collected in tax year 2025 for each parcel, is hereby adopted and confirmed for certification.

ADOPTED at the regular meeting of the Board this _____ day of _____, 2025, which is the effective date hereof.

NON-AD VALOREM ASSESSMENT ROLL

I, the undersigned, hereby certify that I am the Chairman of the Board, of the Seminole County Board of County Commissioners located in Seminole County, Florida; as such I have satisfied myself that all property included or includable on the 2025 Consolidated Non-Ad Valorem Assessment Roll prepared by the MSBU Program for the aforesaid county is properly assessed so far as I have been able to ascertain; and that all required extensions on the above-described roll to show the non-ad valorem assessments attributable to the property listed therein have been made pursuant to law.

I further certify that upon completion of this Certificate and the attachment of same to the herein described Non-Ad Valorem Assessment Roll as part thereof that said Non-Ad Valorem Assessment Roll will be delivered to the Tax Collector of this county.

IN WITNESS WHEREOF, I have subscribed this Certificate and caused the same to be attached to and made a part of the above described Non-Ad Valorem Assessment Roll(s) this _____ day of _____, 2025.
