(a) All provisions regarding contract time are essential to the performance of this Agreement.

(b) The work must be substantially completed as described in subsection 14.13 of the General Conditions within one hundred fifty (150) calendar days after the date when the contract time begins to run as provided in subsection 2.2 of the General Conditions. The work must be

finally completed and ready for final payment in accordance with subsection 14.9 of the General Conditions within thirty (30) calendar days after the actual date of substantial completion.

(c) The parties acknowledge that the contract time provided in this Section includes consideration of adverse weather conditions common to Central Florida, including the possibility of hurricanes and tropical storms.

(d) The contract time provided for in this Section includes thirty (30) days allocated specifically to CONTRACTOR's responsibility for utility coordination or relocation of utilities at or adjacent to the Project site. CONTRACTOR shall depict this thirty (30) days float time not impacting controlling work items on CONTRACTOR's critical path scheduling. (e) In the event that the work requires phased construction, then multiple points of substantial completion may be established in the Supplementary Conditions.

Section 3. Contract Price.

(a) COUNTY shall pay CONTRACTOR for performance of the work in accordance with the Contract Documents on the basis of the total bid (original contract price). prosecution of the work until the final acceptance; and for all risks of every description connected with the work.

(c) CONTRACTOR acknowledges that CONTRACTOR has studied, considered, and included in its total bid (original contract price) all costs of any nature relating to: (1) performance of the work under Central Florida weather conditions; (2) applicable law, licensing, and permitting requirements; (3) the Project site conditions, including, but not limited to, subsurface site conditions; and (4) the terms and conditions of the Contract Documents, including, but not limited to, the indemnification and no damage for delay provisions of the Contract Documents.

(d) CONTRACTOR acknowledges that performance of the work will involve significant work adjacent to, above, and in close proximity to underground facilities, including utilities which will require the support of active utilities as well as the scheduling and sequencing of utility installations and relocations (temporary and permanent) by CONTRACTOR.

(1) In addition to the acknowledgments previously made, CONTRACTOR acknowledges that its total bid (original contract price) specifically considered and relied upon CONTRACTOR's own study of underground facilities, utilities in their present, relocated (temporary and permanent), and proposed locations, and conflicts relating to utilities and underground facilities.

(2) CONTRACTOR acknowledges that its total bid (original contract price) considered and included all of its costs relating to the responsibilities to coordinate and sequence the work of CONTRACTOR with the work of COUNTY, the work of other utility contractors, and the work of others at the Project site.

Section 4. Payment Procedures.

(a) Application for Payment. CONTRACTOR shall submit Applications for Payment in accordance with Section 14 of the General Conditions.

(b) Progress Payments. COUNTY shall make progress payments on the basis of CONTRACTOR's Applications for Payment in accordance with Section 14 of the General Conditions.

(c) Final Payment. Upon Final Completion and acceptance of the work in accordance with subsection 14.9.1 of the General Conditions, COUNTY shall pay the remainder of the contract price as provided in that subsection.

Section 5. Additional Retainage for Failure to Maintain Progress on the Work.

(a) Retainage under the Contract Documents is held as collateral security to secure completion of the work.

(b) In the event that CONTRACTOR fails to physically mobilize to the work site as required by Section 6.19 of the General Conditions, COUNTY may withhold additional retainage to secure completion of the work in an amount equal to the product of the number of days after the 31st day following the date of commencement of contract time and the liquidated damage amount for substantial completion set forth in Section 8 of this Agreement. The additional retainage will be withheld from the initial and each subsequent progress payment.

(c) If CONTRACTOR is behind schedule and it is anticipated by COUNTY that the work will not be completed within the contract time, COUNTY may withhold additional retainage in anticipation of liquidated damages equal to the product of the number of days after the scheduled contract time (substantial completion or final completion) and the amount of liquidated damages set forth in Section 8 of this Agreement. The additional retainage under this subsection may, at COUNTY's discretion, be withheld from subsequent progress payments.

Section 6. CONTRACTOR's Representations. In order to induce COUNTY to enter into this Agreement, CONTRACTOR makes the following representations:

(a) CONTRACTOR has familiarized itself with the nature and extent of the Contract Documents, work, locality, weather, utility locations, all local conditions, Chapter 220, Part 1, Purchasing Code, Seminole County Code, federal, state, and local laws, ordinances, rules, policies, and regulations that in any manner may affect cost, progress, or performance of the work.

(b) CONTRACTOR has studied carefully and considered in its bid all reports of investigations and tests of subsurface and physical conditions of the site affecting cost, progress, scheduling, or performance of the work.

(c) CONTRACTOR has studied carefully and considered in its bid the Plans and Specifications, performed necessary observations and examinations, and studied the physical conditions at the site related to underground facilities, utility installations, conflicts, relocations (temporary and permanent), and all other underground facilities and utility related conditions of the work and site that may affect cost, progress, scheduling, or any aspect of performance of the work, and that its bid reflects all such conditions.  CONTRACTOR, by submitting its bid and executing this Agreement, acknowledges the constructability of the work under the Plans and Specifications. CONTRACTOR, by its study, excludes and releases COUNTY from any implied warranties, including, but not limited to, the Spearin Doctrine, and acknowledges that the Plans and Specifications are adequate to perform the work.

(d) CONTRACTOR has made or caused to be made examinations, investigations, tests, and studies as it deems necessary for the performance of the work at the contract price, within the contract time, and in accordance with the other terms and conditions of the Contract Documents. CONTRACTOR does not and will not require any additional examinations, investigations, tests, reports, or similar data for such purposes.

(e) CONTRACTOR has correlated the results of all such observations, examinations, investigations, tests, reports, and data with the terms and conditions of the Contract Documents.

(f) CONTRACTOR has provided COUNTY written notice of all conflicts, errors, or discrepancies that CONTRACTOR has discovered in the Contract Documents. CONTRACTOR hereby accepts COUNTY's written resolution of all such conflicts, errors, or discrepancies.

(g) CONTRACTOR declares and agrees that the approval or acceptance of any part of the work or material by COUNTY or any agent relating to compliance with the Contract Documents will not operate as a waiver by COUNTY of strict compliance with the terms and conditions of the Contract Documents.

(h) CONTRACTOR's resident Superintendent at the work site will be **Arman Pourmirza**. CONTRACTOR shall use only this person as Superintendent, unless otherwise approved by COUNTY's Project Manager after following the procedure indicated in the General Conditions.

(i) CONTRACTOR has studied carefully and considered all permit requirements related to performance of the work.  CONTRACTOR declares and agrees that all costs related to performing the work in compliance with the requirements of all permits at the contract price are included in the contract price. CONTRACTOR agrees that it will be solely responsible for payment of all fines and penalties of any nature assessed to CONTRACTOR, COUNTY, or both, by any governmental entity, district, or authority, or other jurisdictional entity relating to all permits required for performance of the work.

(j) CONTRACTOR acknowledges that the performance of the work under the Contract Documents fulfills a COUNTY, CONTRACTOR, and public purpose. To that end, CONTRACTOR shall respond to citizen complaints related to alleged damage caused by CONTRACTOR's performance of the work within ten (10) days of receipt of the complaint from any citizen or COUNTY. CONTRACTOR shall respond separately to each complaint. When a complaint is brought to CONTRACTOR by a citizen, CONTRACTOR shall report the citizen, the

street address, and a summary of the complaint and any action taken in response. Responses and action taken by CONTRACTOR shall specifically identify the problem and specific actions taken. Generic statements such as “addressed the problem” are unacceptable. If CONTRACTOR fails to respond within ten (10) days, COUNTY may take corrective action and deduct the actual costs of corrective action from subsequent progress payments or the retainage.

(k) CONTRACTOR acknowledges that COUNTY-owned property obtained for performance of the work, within the project limits, includes temporary construction easements. In the event that CONTRACTOR fails to perform the work within the contract time, then CONTRACTOR shall be solely responsible for payment of all costs for additional or extended temporary construction easements. CONTRACTOR authorizes COUNTY to deduct the actual costs of additional or extended temporary construction easements from subsequent progress payments or the retainage.
