Page 3

EVALUATION TABULATION

PS No. PS-4824-23/MAG

Master Services Agreement for National Pollutant Discharge Elimination System (NPDES) Services

Well defined monitoring approach and understanding of NPDES needs. Good familiarity with NPDES changes and steps to address any issues as a result.

Jeff Sloman: 34

Organized step by step process (S) Could have used more elaboration on utility coordination (W)

Shannon Wetzel: 39

good understanding and approach for monitoring, discussed a gap assessment where existing data is maximized, proactive approach to TMDLs, impaired water listings,

Innovative/Cost Savings Ideas | Points Based | 20 Points (20%)

Michelle Shelton: 18

Use of Sky Wave technology to monitor waterbodies and wetlands is cost effective and time saving. Good approach to TMDL plans and identifying grant funding opportunities.

Jeff Sloman: 16

Good showing of innovative ideas for each component (S)

Shannon Wetzel: 18

leveraging existing data and staff to proactively address potential problems, use existing resources to satisfy NPDES permit requirements

Drummond Carpenter, PLLC

Similar Work Experience | Points Based | 40 Points (40%)

Michelle Shelton: 38

Local municipality familiarity. Solid NPDES and monitoring experience. Orange County enforcement project knowledge valuable.

Jeff Sloman: 36

Solid mix of projects for Central Florida agencies (S)

Shannon Wetzel: 38

EVALUATION TABULATION

PS No. PS-4824-23/MAG

Master Services Agreement for National Pollutant Discharge Elimination System (NPDES) Services

extensive NPDES work experience, lakeshore permitting experience, extensive LID and GI retrofit experience, local experience in Orange County, City of Orlando

Project Approach and Understanding | Points Based | 40 Points (40%)

Michelle Shelton: 40

In- depth examples of their approach and knowledge of the MSA. Good approach to to addressing TMDL's and impairments. Focus on LID projects.

Jeff Sloman: 34

High organized and through step by step process (S) Could have used some more elaboration on utility coordination (W)

Shannon Wetzel: 37

excellent understanding of Cycle 5 NPDES permit requirements. highlighted cross over to CIP project planning, understood NPDES work flows and using that understanding to reduce staff time

Innovative/Cost Savings Ideas | Points Based | 20 Points (20%)

Michelle Shelton: 19

Assess new approaches to pollutant tracking and BMAP credits. Great idea to automate Water Quality NPDES reporting and GIS forms.

Jeff Sloman: 16

Good showing of innovative ideas for each scope component (S)

Shannon Wetzel: 19

several examples of relatively simple tools that can be used to maximize project efficiency and relay project info

Geosyntec Consultants, Inc.

Similar Work Experience | Points Based | 40 Points (40%)

Michelle Shelton: 38

EVALUATION TABULATION

PS No. PS-4824-23/MAG

Master Services Agreement for National Pollutant Discharge Elimination System (NPDES) Services

Extensive experience with retrofit projects that deliver results within NPDES requirements. Strong BMP and water basin study experience and implementation.

Jeff Sloman: 38

Solid mix of jurisdictions for projects including Seminole County (S)

Shannon Wetzel: 37

FDOT statewide NPDES continuing services, Orange County and Seminole County experience

Project Approach and Understanding | Points Based | 40 Points (40%)

Michelle Shelton: 38

Interesting approach to move forward from presumptive compliance. Strong focus on TMDL prioritization and BMAP support.

Jeff Sloman: 36

Very solid approach detailing step by step (S) Good example of a current project and how utility coordination was dealt with (S)

Shannon Wetzel: 38

excellent understanding and experience for new NPDES permit requirements and TMDL/BMAP support. proactive approach to listing versus reactive

Innovative/Cost Savings Ideas | Points Based | 20 Points (20%)

Michelle Shelton: 18

Emphasis on LID/GSI design. Web-based GIS data viewers would be a great field asset.

Jeff Sloman: 16

Good listing of innovative ideas

Shannon Wetzel: 18

GIS interfacing and low cost data collection methods that can provide cost savings

Master Services Agreement for National Pollutant Discharge Elimination System (NPDES) Services

RES Florida Consulting, LLC dba E Sciences

Similar Work Experience | Points Based | 40 Points (40%)

Michelle Shelton: 38

Prior Seminole County NPDES experience. Statewide BMAP and TMDL experience. Staff is proficient in DEP sampling methods.

Jeff Sloman: 37

Excellent central florida experience including Seminole County in some components (S)

Shannon Wetzel: 36

has prepared Seminole NPDES annual report for past several years and assisted with in-house training in years past

Project Approach and Understanding | Points Based | 40 Points (40%)

Michelle Shelton: 35

Good approach to utilize electronic collection and inspection tools. Solid approach in preventing TMDL's by consistent review of trend analysis. GeoSyntec and WSP are current subcontractors for RES.

Jeff Sloman: 34

Good elaboration of step by step process (S) Would have liked more detail on utility coordination process in Q&A (W)

Shannon Wetzel: 36

has a proactive approach for TMDL and BMAP support and staff has understanding of our NPDES annual report process.

Innovative/Cost Savings Ideas | Points Based | 20 Points (20%)

Michelle Shelton: 18

Good approach to maximize credits through load calculations. Turn-key fixed pricing/no change orders. Use of electronic collection tools would save time.

Jeff Sloman: 18

Good description of turnkey operation as an innovation (S) Good list of ideas(S)

Shannon Wetzel: 16
