**RE: Encroachment into a Utility Easement
Seminole County, Florida**

Dear Ms. Bajacan:

Duke Energy has “**NO OBJECTION**” to the encroachment into that portion of the 15 feet Utility Easement along the Northwesterly of Lot 32, ALAQUA LAKES PHASE 1, as recorded in Plat Book 52, Page 70, of the Public Records of Seminole County, Florida, being more particularly as shown on the attached Boundary Survey, attached hereto and incorporated herein by this reference.

The requested encroachment does not constitute a violation of the National Electric Safety Code nor interfere with Duke Energy’s use of the easement area based on Duke Energy’s current use of the easement area. Accordingly, Duke Energy shall **consent** to your encroachment so long as such encroachment does not constitute a violation of the National Electric Safety Code nor interfere with Duke Energy’s use of the easement area.

This letter shall not constitute a waiver of Duke Energy’s rights under the easement with respect to the encroachment. Should future use of the easement area by Duke Energy pursuant to the easement result in the encroachment constituting either a National Electric Safety Code violation or an interference with Duke Energy’s use of the easement area, a removal or relocation of the encroachment within the easement area may be necessary at no cost to Duke Energy.

If I can be of further assistance, please do not hesitate to contact me.

Sincerely,

Irma Cuadra

RE: Letter of No Objection Request for 3220 Oakmont Terrance Longwood, FL 32779

Dear Mr. Bernard:

Florida Public Utilities Company has no objections to the work you have planned for the rear of your property for pool work. I have attached a markup of your property with the Utility Easement area highlighted in yellow.

We DO have facilities within the yellow shaded areas marked on the plat and we will need to keep the easements in place in order to continue to provide natural gas service to your residence. FPU facilities are located in the front ROW of Oakmont Terrace and on the right side of your home leading to the gas meter.

If you have any questions or need additional information, please feel free to call.

Sincerely,

xKatie L Cole
