

The presence of any wetlands and/or flood-prone areas is determined on a site-by-site basis. Boundary adjustments may be made based upon more definitive on-site information obtained during the development review process. Wetland information is based on SJRWMD's update of the National Wetland Inventory Maps, and 100-year flood-prone area information is based on Flood Insurance Rate Maps provided by FEMA.

CONS SE

Applicant: DR Horton Inc.
 Physical STR: 23-20-30
 Gross Acres: 14.27+/- BCC District: 2
 Existing Use: single family
 Special Notes: Max. Net Density = 2du/ac
