Background:

Seminole County Code Chapter 235 authorizes the Board of County Commissioners to regulate the collection and disposal of waste in unincorporated areas of Seminole County. GLE Scrap Metal-Florida, Inc. has complied with the requirements set forth in the Code and requested a Certificate of Public Convenience and Necessity (COPCN) from the County to provide recyclables collection services in unincorporated areas of the County. This firm is requesting a COPCN for October 1, 2022 through September 30, 2023. Additionally, insurance information in compliance with Code Chapter 235 has been provided.

Firms that collect only Construction and Demolition Debris, Special Wastes or Recyclables are not

required to execute a non-exclusive commercial solid waste collection franchise agreement with the County. These firms are required to obtain COPCNs from the County.

Staff Recommendation:

Staff recommends that the Board approve and authorize the Chairman to execute a Certificate of Public Convenience and Necessity for GLE Scrap Metal-Florida, Inc., effective from October 1, 2022 through September 30, 2023.
