Motion/Recommendation:

Staff recommends motion to authorize Chairman to sign Resolution adopting changes to Seminole County Code 20 - Animal and Fowl.

Background:

Seminole County Animal Services currently requires a Kennel License for housing, boarding, training, and related overnight operations where multiple animals are kept. The 'Kennel License' conflicts with language inside the Land Development Code. Staff

wishes to rename 'Kennel License' to 'Standards of Care Certificate' to eliminate any confusion in business license and language in the Land Development Code.

Staff Recommendation:

Staff recommends the Board approve and authorize the Chairman to execute Resolution adopting changes to Seminole County Code 20, Animal and Fowl - adding Standards of Care Certificate.
