

To Whom it may concern,

We, Dayna Nilsen and Jacob Wagner, of 1004 Sheffield Court, Winter Park, Florida, have no problem with the owner of 1003 Sheffield Court, Winter Park, FL, building a shed on the side of their house, regardless of size.

To whom it may concern,

I am writing this to convey that I have no issues with a structure being placed within the typical allowable tolerances of the code around my property at 1027 Bradford Dr Winter Park Fl 32792. I am back to back neighbors with Greg Butcher, he came to me and asked my feelings and if I would be willing to write this letter. I have no issues with the project, thank you.
