**RE: Walmart EV Oviedo #5106
Letter of Intent**

Bowman is working with Walmart/Walmart EV Charging LLC to propose Electrical Vehicle Parking at 4255 Alafaya Trail, Oviedo, FL 32765.

This site is currently developed and resides within Seminole County.

Scope of Work:

- Installation of 4 customer charging units (two chargers per unit) for a total of 8 (eight) 12-foot-wide EV charging stalls.
- Installation of new transformer and switchboard cabinet with associated underground power lines, trenching and/or boring for connection.
- Potential for additional light pole(s) installation and/or additional lighting heads added to existing light poles.
- The two stalls closest to the store will be dual use "use last stalls" that are ADA accessible. Each dual use stall will have ADA access to the front of the store and there is potential for minor grading, sidewalk/ramp modification, sign/bollard/landscape relocation to achieve ADA compliance.
- Installation of new EV & EV Accessible signs.

Discussion items:

- General feedback from staff.
- What is the correct parking ratio that Walmart needs to adhere to for the site?
 - Are there any ECR documents that govern parking or otherwise for the property?
- EV stalls require 90deg parking stalls that will replace existing angled stalls,. Any issues with the proposed configuration?
- Landscaping requirements including:
 - Requirements for tree removal/replacement
 - Screening requirements for equipment
 - Any issues with sidewalks cutting through existing islands for ADA access?

Project Timeline:

- Looking to finish construction by end of 2025.
 - Construction complete = transformer pad installed, conduit stubbed up, and civil work complete (sidewalks, striping, signage, bollards, landscape, etc.).
 - We are hopeful that energization can take place at same time civil construction is complete, but WMT energy team will coordinate this with the power company around construction time.

We appreciate your consideration of this application. Should you have any questions or concerns, please do not hesitate to contact Andrew Wilson at (678) 606-5277 or awilson@bowman.com.

Thank you,

Elizabeth Her
