

VARIANCE CRITERIA

Respond completely and fully to all 6 criteria listed below to demonstrate that the request meets the standards of Seminole County Land Development Code Section 30.3.3.2(b) for the granting of a variance:

1. What are the special conditions and circumstances that exist that are peculiar to the land, structure, or building involved, and which are not applicable to other lands, structures, or buildings in the same zoning district?

Neighborhood is not safe.

2. How are the special conditions and circumstances that exist not the result of the actions of the applicant?

The neighborhood is currently having a lot of theft and break ins.

3. How would the granting of the variance request not confer on the applicant any special privilege that is denied by Chapter 30 to other lands, buildings, or structures in the same zoning district?

I want to keep myself and family safe. The neighbors can do the same and apply, also.

4. How would the literal interpretation of the provisions of the zoning regulations deprive the applicant of rights commonly enjoyed by other properties in the same zoning district and would work unnecessary and undue hardship on the applicant?

This would put myself and family at risk for theft, gun violence and exposed to drug activity.

5. How would the requested variance be the minimum variance that will make possible the reasonable use of the land, building, or structure?

Protection

6. How would the granting of the variance be in harmony with the general intent and purpose of the zoning regulations and not be injurious to the neighborhood, or otherwise detrimental to the public welfare?

It would not be injurious to anyone.
It will protect myself and family.
